Section 1.2 Principal Place of Business. The principal place of business of the Corporation shall be located in St. Louis, Missouri. The Corporation may have such other offices, either within or without the State of Missouri, as the Board of Directors may determine or as the affairs of the Corporation may require from time to time.

ARTICLE II

Section 2.1 No Members. As provided in the Articles of Organization, the corporation shall have no members.

ARTICLE III

BOARD OF DIRECTORS

Section 3.1 General Powers. The business, affairs and property of the Corporation shall be managed and controlled by the Board of Directors, and all corporate powers shall be vested in and exercised by the Board of Directors, except as otherwise provided by law, the Articles of Incorporation or these Bylaws.

Section 3.2 Number, Election and Term. The Board of Directors shall consist of not less than three (3) directors, with the exact number of directors to be fixed by the Board of Directors from time to time.

Section 3.3 Election and Term. Such directors shall be elected by the directors then in office for a term of one year, and each such director shall hold office until his or her successor has been duly elected and qualified, or until his or her death or until his or her resignation or removal in the manner provided in Section 3.4 or Section 3.5 of this Article III.

Section 3.4 Resignation. A director may resign at any time by delivering written notice to the Board of Directors, its presiding officer or to the President or Secretary. Any resignation shall take effect upon receipt of notice or at any later time specified in that notice. Unless otherwise specified in the notice of resignation, affirmative acceptance of the resignation shall not be necessary to make it effective. If the resignation specifies a later effective date, a successor may be elected prior to such effective date to take office when the resignation becomes effective.

Section 3.5 Removal A director may be removed, with or without cause, by the vote of two-thirds (2/3) of the directors then in office.

Section 3.6 Annual Meeting. Unless otherwise determined by vote of a majority of the directors then holding office, the annual meeting of the Board of Directors shall be held on the second Saturday of August of each year for the purpose of electing directors and for the transaction of such other business as may come before the meeting. If the election of directors shall not be held on the day designated herein for any annual meeting, or at any adjournment thereof, the Board of Directors shall cause a special meeting of the Board of Directors to be held as soon thereafter as may be convenient for the purpose of electing directors and for the transaction of such other business as may properly come before a special meeting of the Board of Directors.

Section 3.7 Regular Meetings. The Board of Directors shall hold regular meetings, at a date, time and place fixed by these Bylaws or the Board, for the purpose of transacting such business as properly may come before the Board. The Board of Directors shall hold a minimum of six (6) regular meetings a year.

Section 3.8 Special Meetings. A Special Meeting shall be held at any time called by the President of the Board or the Secretary upon the written request of twenty percent of the Directors then in office. A majority of the Directors present, whether or not a quorum is present, may adjourn any meeting to another time and place.

Section 3.9 Notice. At least 24 hours (excluding weekends and holidays) before any Board of Directors meeting, a notice of the meeting shall be posted at the meeting place. The notice shall include time, date, place and tentative agenda of the meeting, and whether the meeting is open or closed. In case of a Board of Directors meeting by conference call or other electronic means, the notice shall specify the location where the public may observe and attend that meeting. If the Board of Directors meeting is held via Internet or other computer link, a notice shall be posted on the corporation's web site. Written notice of the date, time, place, and purpose of any special meeting of the Board of Directors shall be delivered personally to each director, or shall be sent by mail, electronic mail or next business day delivery service (such as Federal Express) or confirmed telecopier to each director's business address. Two (2) business days' notice shall be given if notice is sent by mail, and one (1) business day's notice shall be given if notice is delivered personally or sent by electronic mail, next business day delivery service or confirmed telecopier; provided, however, that if the designated meeting place is outside the State of Missouri, an additional one (1) day's notice shall be given. If by mail, such notice shall be deemed to be delivered when deposited in the United States mail with first class postage thereupon prepaid. If by electronic mail or next business day delivery service, such notice shall be deemed to be delivered when the electronic mail or notice is delivered to the telegraph company or delivery service. If by telecopier, such notice shall be deemed to be delivered when telecopy confirmation is received.

Section 3.10 Waiver of Notice. A director may waive notice of any meeting before or after the date and time stated in the notice, provided the waiver is in writing, signed by the director entitled to the notice, and filed with the minutes or the corporate records. A director's attendance at or participation in a meeting waives any required notice of the meeting unless the director, upon arriving at the meeting or prior to the vote on a matter not noticed in conformity with these bylaws, the Articles of Incorporation or the Missouri Nonprofit Corporation Act, objects to lack of notice and does not vote for or assent to the objected to action.

Section 3.11 Quorum. A majority of the entire Board of Directors shall constitute a quorum for the transaction of business or of any specified item of business. Except as otherwise provided by law or these Bylaws, the vote of a majority of the Board of Directors present at the time of a vote, if a quorum is present, shall be the act of the Board of the Directors.

Section 3.12 Manner of Acting. The affirmative vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

Section 3.13 Vacancies. If a vacancy occurs on the Board of Directors, including a vacancy resulting from a decrease in the number of directors, the directors remaining in office, even if such directors constitute less than a quorum of the entire authorized Board of Directors, may fill such vacancy or vacancies by the affirmative vote of a majority of the directors remaining in office. The term of a director filling a vacancy expires at the end of the unexpired term which such director is filling. A vacancy that will occur at a specific later date, by reason of a resignation effective at a later date, may be filled before the vacancy occurs, but the new director may not take office until the vacancy occurs.

Section 3.14 Compensation. No director shall receive any salary or other compensation for services rendered as a director, provided, however, that by resolution of the Board of Directors the directors may be paid their reasonable expenses incurred by them in carrying out their duties as director, if any, and for attendance at each meeting of the Board.

Section 3.15 Informal Action by Directors. Any action required or permitted to be taken at a meeting of the Board of Directors may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the directors entitled to vote with respect to the subject matter thereof, and included in the minutes filed with the corporate records reflecting the action taken. Such action shall be effective when the last Director signs the consent, unless the consent specifies a different effective date.

Section 3.16 Committees of Directors. The Board of Directors may, by resolution passed by a majority of the entire Board, designate two or more directors to constitute a committee. Any such committee, to the extent provided in the resolution of the Board of Directors, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the corporation; provided, however, that the designation of such a committee and of authority to the committee shall not operate to relieve the Board of Directors, or any member thereof, of any responsibility imposed upon the Board of Directors or any member thereof under Missouri law. Each committee shall keep regular minutes of its meetings and report the same to the Board of Directors when required.

Section 3.17 Attendance. Inadequate attendance at meetings of the Board of Directors, defined as unexcused absence from three (3) consecutive meetings or from at least fifty percent (50%) of such meetings within one (1) calendar year. Members of the Board of Directors may participate in a meeting of the Board by electronic or telephonic means or similar communications equipment whereby all persons participating in the

Section 4.3 Resignation and Removal. An officer may resign at any time by delivering written notice to the corporation. An officer's resignation does not affect the corporation's contract rights, if any, with the officer.

If a resignation is made effective at a future date and the corporation accepts the future effective date, the Board of Directors may fill the pending vacancy before the effective date if the board provides that the successor does not take office until the effective date.

ARTICLE XI

INDEMNIFICATION OF OFFICERS AND DIRECTORS AGAINST LIABILITIES AND EXPENSES IN ACTION

Section 11.1 Indemnification with Respect to Third Party Actions. This corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), by reason of the fact that such person (i) is or was a director, officer, employee or agent of this corporation, or (ii) is or was serving at the request of this corporation as a director, officer, employee, partner, trustee or agent of another corporation, partnership, joint venture, trust or other enterprise, or (iii) is or was at the request of the corporation a guarantor of any debts of this corporation, against expenses (including attorneys' fees), judgments, fines, taxes and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit, or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of this corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that such person did not act in good faith and in a manner which such person reasonably believed to be in or not opposed to the best interests of this corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that such person's conduct was unlawful.

Section 11.2 Indemnification with Respect to Actions by or in the Right of the Corporation This corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of this corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of this corporation, or is or was serving at the request of this corporation as a director, officer, employee, partner, trustee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) and amounts paid in settlement actually and reasonably incurred by such person in connection with the defense or settlement of the action or suit if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of this corporation; except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of such person's duty to this corporation unless and only to the extent that the court in which such action or suit

was brought shall determine upon application that, despite the adjudication of liability and in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Section 11.3 Determination of Standard To the extent that a director, officer, employee or agent of this corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in Sections 1 and/or 2 of this Article, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorney's fees) actually and reasonably incurred by such person in connection with the action, suit, or proceeding.

Any indemnification under Sections 1 and/or 2 of this Article (unless ordered by a court) shall be made by this corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee, partner, trustee or agent is proper in the circumstances because such person has met the applicable standard of conduct set forth in this Article. Such determination shall be made (1) by the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit, or proceeding, or (2) if such a quorum is not obtainable, or even if obtainable, if a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (3) by the shareholders.

Section 11.4 Payment of Expenses in Advance of Disposition of Action Expenses incurred in defending any actual or threatened civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit, or proceeding as authorized by the Board of Directors in the specific case upon receipt of an undertaking by or on behalf of the director, officer, employee, partner, trustee or agent to repay such amount unless it shall ultimately be determined that such person is entitled to be indemnified by this corporation as authorized in this Article.

Section 11.5 Non-Exclusive The indemnification provided by this Article shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under Section 537.117 RSMo, any other provision of law, the Articles of Incorporation or any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity while holding such office and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, partner, trustee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 11.6 Further Indemnity This corporation shall have the power to give any further indemnity, in addition to the indemnity authorized or contemplated under other

sections of this Article, including Section 5, to any person who is or was a director, officer, employee or agent, or to any person who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, provided that no such indemnity shall indemnify any person from or on account of such person's conduct which was finally adjudged to have been knowingly fraudulent, deliberately dishonest or willful misconduct. Nothing in this Section shall be deemed to limit the power of this corporation under Section 5 of this Article to enact bylaws or to enter in agreements without shareholder adoption of the same.

Section 11.7 Insurance This corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of this corporation, or is or was serving at the request of this corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under the provisions of this Article.

Section 11.8 Definition of Corporation For the purpose of this Article, references to "this corporation" include all constituent corporations absorbed in a consolidation or merger as well as the resulting or surviving corporation so that any person who is or was a director, officer, employee, partner, trustee or agent of such a constituent corporation or is or was serving at the request of such constituent corporation as a director, officer, employee, partner, trustee or agent of another corporation, partnership, joint venture, trust or other enterprise shall stand in the same position under the provisions of this Article with respect to the resulting or surviving corporation as such person would if such person had served the resulting or surviving corporation in the same capacity.

Section 11.9 Certain Definitions For purposes of this Article, references to "other enterprise" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to "serving at the request of this corporation" shall include any service as a director, officer, employee or agent of this corporation which imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of this corporation" as referred to in this Article.

Section 11.10 Extent of Indemnification This corporation shall, to the fullest extent permitted by Section 355.476 of the Missouri Nonprofit Corporation Act, as the same may be amended and supplemented from time to time, indemnify any and all persons whom it shall have the power to indemnify under said Section 355.476 from and against any and all of the expenses, liabilities or other matters referred to in or covered by said Section 355.476.

Section 11.11 Saving Clause In the event any provision of this Article shall be held invalid by any court of competent jurisdiction, such holding shall not invalidate any other provision of this Article and any other provisions of this Article shall be construed as if such invalid provision had not been contained in this Article.

ARTICLE XII

CONFLICTS OF INTEREST AND DISCLOSURES

Section 12.1 Purpose The purpose of the conflicts of interest and disclosures policy is to protect the Corporation's interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or Director of the Corporation. This policy is intended to supplement but not replace any applicable state laws governing conflicts of interest applicable to nonprofit and charitable corporations.

Section 12.2 Definitions

(a) **Interested Person.** Any director, officer, employee, or candidate who has a substantial interest, as defined below, is an interested person.

(b) **Substantial Interest.** Ownership by the individual, the individual's spouse, or the individual's dependent children, whether singularly or collectively, directly or indirectly of:

(b) Determining Whether a Conflict of Interest Exists. After disclosure of the substantial interest and all material facts relating thereto, and after any discussion thereof, the interested person shall leave the Board of Directors or committee meeting while the substantial interest is discussed and voted upon. - (4) If a more advantageous transaction or arrangement is not reasonably attainable under circumstances that would not give rise to a conflict of interest, the Board of Directors or committee shall determine by a

majority vote of the disinterested Directors whether the transaction or arrangement is in the Corporation's best interest and for its own benefit and whether the transaction is fair and reasonable to the Corporation and shall make its decision as to whether to enter into the transaction or arrangement in conformity with such determination.

(d) Violations of the Conflicts of Interest Policy.

- (1) If the Board of Directors or a committee has reasonable cause to believe that a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.
- (2) If, after hearing the response of the member and making such further investigation as may be warranted in the circumstances, The Board of Directors or committee determines that the member has in fact failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Section 12.4 Records of Proceedings The minutes of the Board of Directors and all committees with Board-delegated powers shall contain --

(b) Names of Person Present. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection therewith.

(b) The date and the identities of the parties to each transaction known to the person with a total value in excess of five hundred dollars, if any, that any business entity in which such person had a substantial interest, had with the Corporation, other than payment of any tax, fee or penalty due to the Corporation or transactions involving payment for providing utility service to the Corporation, and other than transfers for no consideration to the Corporation.

Section 12.9 Periodic Reviews. To ensure that the corporation operates in a manner consistent with its charitable purposes and that it does not engage in activities that could jeopardize its status as an organization exempt from federal income tax, the corporation may conduct periodic reviews.

Conflict of Interest Policy

The Board of GATEWAY SCIENCE ACADEMY of ST.LOUIS (GSA) adopts the following policy, effective on the date of adoption by the Board.

This policy establishes expectations for governing board member conflicts of interest.

Article I

Purpose

The purpose of the conflict of interest policy is to protect this tax-exempt organization's (GSA) interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the GSA or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable GSAs. As a charter school, certain special state conflicts of interest policies apply as discussed herein.

Article II

Definitions

1. Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2. Financial Interest

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a. An ownership or investment interest in any entity with which the GSA has a transaction or arrangement,
- b. A compensation arrangement with the GSA or with any entity or individual with which the GSA has a transaction or arrangement, or
- c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the GSA is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.

A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III

Procedures

1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, s/he shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

Under Missouri law, the following are conflicts of interest. The Board has no discretion on whether these items present a conflict of interest. No person shall be appointed to the board unless they meet the following requirements. Any board member who is in violation of any of these requirements is ineligible to serve and shall immediately forfeit their office:

- a. No member of the Board shall hold any other office or employment from the board while serving as a member of the board.

b. No member of the board shall have any substantial interest (see section 105.450 RSMo for a definition) in any entity employed by or contracting with the board.

d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the GSA's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination, it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy

Civil Rights, Title IX, Section 504

The Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

The School assures that it will comply with:

1. Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d et seq., prohibiting discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance.
2. Section 504 of the Rehabilitation Act of 1973 (Section 504), as amended, 29 U.S.C. 794, which prohibits discrimination on the basis of disability in programs and activities receiving Federal financial assistance.
3. Title IX of the Education Amendments of 1972 (Title IX), as amended, 20 U.S.C. 1681 et seq., which prohibits discrimination on the basis of sex in educational programs and activities receiving Federal financial assistance. The provisions of Title IX apply to students with regard to educational opportunities and freedom from harassment, employees with regard to employment opportunities and freedom from harassment, and to individuals with whom the Board does business.
4. The Age Discrimination Act of 1975, as amended 42 U.S.C. 6101 et seq., prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance.
5. All regulations, guidelines, and standards lawfully adopted under the above statutes by the United States Department of Education.

The School shall appoint an administrator(s) to assure compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, and the Age Discrimination Act of 1975. The School may designate only one employee to serve as both the Title IX and Section 504 Coordinator. In that case, the individual must assume the responsibilities of both coordinators.

It is the policy of the School to process all grievances in a fair and expeditious manner, with the intent of resolving them in a mutually agreeable manner.

Official School Year and School Day

The Board will annually adopt a school calendar that will provide for a minimum of 174 days and 1,044 hours of pupil attendance.

The length of the school day will meet State Department of Elementary and Secondary Education requirements for six (6) clock hours of instruction. A school year and school day, in excess of the state required minimum, may be recommended by the School leader and approved by the Board.

If the School is dismissed due to inclement weather after school has been in session for three or more hours, that day shall count as a full day. When the total hours lost due to inclement weather exceed the number of days built into the calendar, they will be made up in half or full day additions at the end of the school term.

The School shall be required to make up the first six (6) school days lost or canceled in excess of the days built in to the calendar due to inclement weather and half the number of days lost or canceled in excess of six days. For purposes of this Policy, "inclement weather" shall mean ice, snow, extreme cold, flooding or a tornado.

School Annual Report

The Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

School officials will submit to the Missouri Department of Elementary and Secondary Education all data and reports as required by law and/or by regulations of the Missouri State Board of Education. The Annual Report will be completed and submitted in accordance with department regulations.

The Annual Report will be available to all School patrons, and to each member of the General Assembly representing a legislative LEA that contains a portion of the School's attendance area.

Public Inspection

The Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

As required by Missouri statutes, the School shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the LEA in which the school is located the following information:

- (1) The school's charter;
- (2) The school's most recent annual report card published according to section 160.522;
- (3) The results of background checks on the charter school's board members; and
- (4) If operated by a management company, a copy of the written contract between the governing board of the school and the educational management organization or the charter management organization for services. The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026 for furnishing copies of documents under this subsection.

Title I

The Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

Parent Involvement

The Board recognizes the importance of parental involvement with the Title I program and will provide a variety of opportunities for parents to be involved in policy design and in the planning, implementation and review of Title I programs.

Reporting Requirements

Pursuant to the provisions of the No Child Left Behind Act of 2001, the School will submit its Federal Title I LEA Plan, describing the School's Title I services.

English Language Learners (ELL)

The Governing Board of GSA [School] adopts the following policy effective on the date that the policy is adopted by the Board.

SECTION 1. Purpose and General Policy Provisions Related to English Language Learners. Gateway Science Academy recognizes the need to provide equal educational opportunities for all students in the district. Therefore, if the inability to speak and understand the English language excludes a student from effective participation in the educational programs offered by the district, the district shall take appropriate action to rectify the English language deficiency in order to provide the student equal access to appropriate programs are the first steps to improving their achievement levels.

SECTION 2. Coordinator. The district's coordinator for ELL programs is Enisa Sahbegovic.

SECTION 3. Procedures. The following procedures shall be used by the English Language Learner (ELL) coordinator to implement Board policy pertaining to the identification, instruction and assessment of students who are English language learners.

- Upon enrollment, all students will be asked to complete the Student Home Language survey as part of the enrollment packet. Any student who indicates the use of a language other than English will be referred by the person processing the enrollment forms to the ELL coordinator to determine if further English language proficiency assessment is warranted.
- Identify Language Minority students who are also ELLs. Any student who indicates the use of a language other than English will be assessed for English proficiency using the state-provided assessment instrument.
- Determine the appropriate instructional environment for ELL students.
- The English proficiency of ELL students is assessed annually. Assessment instruments will cover reading, writing, speaking and listening skills. Other assessments are administered in accordance with Board policy. The district uses the following assessment instruments, techniques and schedules for ELL assessments: ACCESS Test, review of academic records, ESOL informal oral and written proficiency measures, and professional judgment.
- Parents/Guardians will be informed about the district's program, their rights and the plan for their students.
- Any employee or volunteer of the district who suspects a student might have limited English proficiency must report the suspicion to the ELL coordinator or the principal.

HOMELESS STUDENTS

The Governing Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

The School recognizes that homelessness alone should not be sufficient reason to separate students from the mainstream school environment. Therefore, the School, in accordance with state and federal law (Title VII-B of the McKinney-Vento Homeless Assistance Act, as amended by the No Child Left Behind Act) and the Missouri State Plan for Homeless Children and Youth, will give special attention to ensure that homeless children in the School have access to free, appropriate public education.

Definitions:

A “homeless child” or “homeless youth” is one who:

- A. lacks a fixed, regular, and adequate nighttime residence; and
- B. includes–
 - i. children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;
 - ii. children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
 - iii. children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;
 - iv. is a migratory child or youth who qualifies as homeless because the child or youth is living in circumstances described in subdivisions (i) to (iii) above.

The first category may include some individuals who have moved in with others. Consideration of each individual case, along with the permanency of the situation, will be needed in order to identify those who are homeless.

The terms “enroll” and “enrollment” include attending classes and participating fully in school activities.

The “school of origin” is the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Enrollment and Placement:

Homeless children and youth frequently move, and maintaining a stable school environment is critical to their success in school. To ensure this stability, LEAs must make school placement determinations on the basis of the “best interest” of the homeless child or youth. Using this standard, the School (LEA) must –

- (a) Continue the child’s or youth’s education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; or for the remainder of the academic year if the child or youth becomes permanently housed during an academic year; or
- (b) Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining what is a child or youth’s best interest, the School (LEA) must, to the extent feasible, keep a homeless child or youth in the school of origin, unless doing so is contrary to the wishes of the child or youth’s parent or guardian. If the School (LEA) wishes to send a homeless child or youth to a school other than the school of origin or a school requested by the parent or guardian, the School (LEA) must provide a written explanation of its decision to the parent or guardian, together with a statement regarding the right to appeal the placement decision.

Enrollment requirements which may constitute a barrier to the education of a homeless child or youth may be waived if allowed by law. The School (LEA) may, however, require contact information.

If the School (LEA) is unable to determine the grade level of the student because of missing or incomplete records, the School (LEA) shall administer tests or utilize other reasonable means to determine the appropriate grade level for the child/youth.

Transportation:

Transportation must be provided, at the request of the parent or guardian (or in the case of the unaccompanied youth, the homeless coordinator) to and from the school of origin.

- If the homeless child or youth continues to live in the area served by the School (LEA) in which the school of origin is located, that the School (LEA) must provide or arrange for the child’s or youth’s transportation to or from the school of origin.
- If the homeless child or youth continues his or her education in the school of origin but begins living in an area served by another LEA, the LEA of origin and the LEA in which the homeless child or youth is living must agree upon a method to apportion the responsibility and costs for providing the child with

transportation to and from the school of origin. If the LEAs cannot agree upon a method, the responsibility and costs for transportation are to be shared equally.

- The transportation requirement applies even if the LEA does not provide transportation to non-homeless students.
- In general, LEAs may not use funds under Title I, Part A or Title V, Part A to transport homeless students to or from their school of origin.

Services:

Each homeless child or youth shall be provided services comparable to services offered to other students in the School (LEA) including, but not limited to, transportation services, educational services for which the child meets the eligibility criteria, such as educational programs for disadvantaged, disabled, and gifted and talented students, vocational programs, and school meals programs; before-and-after-school care programs; and programs for students with limited English proficiency.

Homeless students will not be segregated in a separate school or in a separate program within a school based on the students' status as homeless.

In the event that it is in the best interest of the homeless child or youth to attend the school of origin, it shall be the responsibility of this LEA to provide for the transportation of the student. This may be achieved through the transportation services of this LEA, the school of origin, or another outside agency.

Records:

Once the School (LEA) officials have determined that an enrolling student is homeless, the School's homeless coordinator must assist the student in obtaining his/her education, immunization, medical, and other records. According to McKinney-Vento, the student must be enrolled in the interim.

Immunization:

If the homeless coordinator is unable to obtain prior immunization records within thirty (30) days of enrolling and the student is still eligible for services under the homeless education

program; the student must begin the immunization series and demonstrate that satisfactory progress has been accomplished within (90) days. If the homeless student maintains that he/she is exempted from receiving immunizations, then after thirty (30) days the student must provide documentation in accordance with the exemption requirements provided for in § 167.181.3, RSMo.

Any records ordinarily kept by the school, including immunization records, academic records, birth certificates, guardianship records, and evaluation for special services or programs of each homeless child or youth shall be maintained so that appropriate services may be given the student, so that necessary referrals can be made, and so that records may be transferred in a timely fashion when homeless children or youth enters a new LEA. Copies of records shall be made available upon request to students or parents in accordance with the Family Educational Rights and Privacy Act.

Coordinator:

The Board designates the school counselors as the District's homeless coordinator to ensure compliance with federal and state law. The homeless coordinator will "ensure that homeless children and youth enroll and succeed in the schools of that agency; and homeless families, children and youth receive educational services for which they are eligible, and referrals to health care services, dental services, mental health services, and other appropriate services." The homeless coordinator will also ensure that disputes regarding the placement or education of homeless children or youth are resolved in a timely fashion.

The School (LEA) shall inform school personnel, service providers and advocates working with homeless families of the duties of the School (LEA) homeless coordinator.

Resolving Grievances:

Level I - A complaint regarding the placement or education of a homeless child or youth shall first be presented orally and informally to the LEA's homeless coordinator. If the complaint is not promptly resolved, the complainant may present a formal written complaint (grievance) to the homeless coordinator. The written charge must include the following information: date of filing, description of alleged grievances, the name of the person or persons involved and a recap of the action taken during the informal charge state. Within five (5) working days after receiving the complaint, the coordinator shall state a decision in writing to the complainant, with supporting evidence and reasons. In addition,

the coordinator will inform the Superintendent or his/her designee of the formal complaint and the disposition.

Level II - Within five (5) working days after receiving the decision at Level I, the complainant may appeal the decision to the Superintendent or his/her designee by filing a written appeal package. This package shall consist of the complainants' grievance and the decisions rendered at Level I. The Superintendent or his/her designee will arrange for a personal conference with the complainant at their earliest mutual convenience. Within five (5) working days after receiving the complaint, the Superintendent or his/her designee shall state a decision in writing to the complainant, with supporting evidence and reasons.

Level III - If resolution is not reached in Level II, a similar written appeals package shall be directed through the Superintendent or his/her designee to the Board requesting a hearing before the Board at the next regularly scheduled or specially called meeting. The hearing before the Board may be conducted in closed session upon the request of either the Board or the complainant. Within thirty (30) working days after receiving the appeals package, the Board shall state its decision and reply in writing to the parties involved. For the School (LEA) purposes, the decision of the Board is final.

Level IV - If the complainant is dissatisfied with the action taken by the board of directors of the School (LEA), a written notice stating the reasons for the dissatisfaction may be filed with the state director of special federal instructional programs. The state director will initiate an investigation, determine the facts relating to the complaint, and issue notice of his or her findings within thirty (30) days to the School (LEA) and the complainant. If the findings support the action taken by the School (LEA), such action will be confirmed. If the findings support the allegations of the complainant, the LEA will be directed to take corrective action. An appeal of this decision can be made within ten (10) days to the Deputy Commissioner of Education. Within thirty (30) days after receiving an appeal, the Deputy Commissioner of Education will render a final administrative decision and notify the complainant and all other interested parties in writing.

FOSTER CARE SUPPORT POLICY

The Governing Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

The purpose of this policy is to provide foster care students with educational stability and remove barriers to, and provide opportunities for, academic excellence for foster care students. In order to achieve this purpose, GSA (the School) will work collaboratively with the Missouri Department of Elementary and Secondary Education (DESE) and the Children's Division (CD) of the Missouri Department of Social Services.

Definitions:

Foster Care: Twenty-four-hour substitute care for children placed away from their parents/guardians and for whom the CD has placement and care responsibility. This includes, but is not limited to, placement in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, childcare institutions and pre-adoptive homes, regardless of whether the home, shelter, facility or institution is licensed or receives payments from the state.

Foster Care Student: Any K-12 student who is residing in a foster care setting in this state or who is awaiting foster care

School of Origin: The school in which the student was enrolled at the time of placement in foster care. If the student's placement changes, the school of origin is the school in which the student was enrolled at the time of the change.

Liaison:

The Board designates the Assistant Principals of School Culture as the District's foster care liaison. The liaison will provide assistance regarding all aspects of the enrollment, placement, transfer, and withdrawal of children in foster care and serve as the point of contact for DESE and the CD. The liaison will also work with DESE and the CD to implement the district's complaint resolution process.

Enrollment and Placement of Foster Care Students:

Students in a foster care placement located within the boundaries of the district will be educated in the school of origin unless it is not in the best interest of the student to do so. A student placed in the school of origin will remain in the school of origin for the duration of the time he or she is in foster care. If it is not in the best interest of the student to stay in the school of origin, the Gateway Science Academy will immediately enroll the student, even if

the student is unable to produce records normally required for enrollment, and will contact the school of origin to obtain relevant records.

Foster care students who attend school in the district because attending the school of origin was not in their best interest will be initially placed in the same courses and programs the students were in while attending the previous district to the extent this district offers such courses and programs. If necessary, the district will waive course or program prerequisites or other preconditions for placement in courses or programs offered at the district. After placement, the School may perform additional evaluations to ensure that the student has been placed appropriately and may change the student's placement after consultation with the student's foster parent.

Best-Interest Determination (BID):

Placement

Within three days of the student enrolling, the liaison will organize a meeting or consultation to determine which placement is in the best interest of the student. The meeting or consultation will include a representative of the CD; the foster parents; the parents/guardians and student, if appropriate; and any other person requested by the student, the foster parents or the CD who has a special relationship with the student. These individuals will be considered the best interest determination (BID) team and will determine the best placement for the student. If the BID team cannot reach a consensus as to the best placement, the representative from the CD will make the final determination.

Dispute Resolution

If the parent/guardian, foster parent, student or educational decision maker disputes that the placement assigned by the BID team or CD is in the student's best interest, he or she may contact the liaison in an effort to resolve the dispute. If the liaison is not able to resolve the dispute, the parent/guardian, foster parent, student or educational decision maker may request a conference with the superintendent or designee. The superintendent or designee will meet with the parent/guardian, foster parent, student or educational decision maker and the pertinent members of the BID team in an effort to resolve the dispute.

If the superintendent or designee is unable to resolve the dispute, the parent/guardian or educational decision maker may appeal the placement to:

State Foster Care Coordinator

P.O. Box 480

Jefferson City, MO 65102-0480

(573) 751-4192

Transportation:

If the BID team determines that the school of origin is the best placement for a foster care student, the student will be transported to the school of origin in accordance with the transportation plan developed in collaboration with the CD. Transportation will be provided in a cost-effective manner and in accordance with law.

Transportation Disputes

Disputes over transportation will be handled in the same manner as disputes over placement.

Records:

The foster care liaison will provide foster parents and other legal guardians access to student records. In accordance with law, the district will allow a child placement agency access to a foster care student's records for the purposes of assisting the school transfer or placement of a student and fulfilling educational case management responsibilities required by the juvenile officer or by law.

The liaison will ensure that student records are properly transferred between the School and any other district from or to which foster students transfer. When a request involves a foster care student, the liaison will:

1. Respond within three business days to a request for records by another district, and
2. Request records from other districts within two days of enrolling a student.

Attendance:

If a student in foster care is absent from school due to a decision by a court or child-placing agency to change the student's placement or due to a verified court appearance or related court-ordered activity, the grades and credit of the student will be calculated as of the date the student left school, and the district will not lower the student's grade as a result of absence under these circumstances.

Programs and Activities:

The School will encourage foster care students to participate in extracurricular activities and assist them in joining extracurricular activities. Locally imposed application deadlines for participation in extracurricular activities will be waived for foster care students who are otherwise eligible to participate in the activities. Foster care students are automatically eligible for participation in the School's free nutrition program.

Graduation:

In order to facilitate timely graduation of foster care students, the School will:

1. Waive specific courses required for graduation if similar course work has been satisfactorily completed in another school. If such course work is not waived, the district will provide reasonable justification for the denial.
2. Accept the results of exit exams, end-of-course exams, nationally norm-referenced tests or alternative testing from another school to satisfy district testing requirements related to graduation.
3. Accept for credit full or partial course work completed at the previous school attended in accordance with district policy.

If a foster care student who enrolls in the School at the beginning of or during his or her senior year cannot meet the School's graduation requirements by the end of the senior year, even after all alternatives have been considered, the liaison will contact the student's previous district to determine if the student is eligible to receive a diploma from the previous school.

The School will award a diploma to foster care students who transfer out of the district at the beginning of or during the senior year if, considering all courses, tests and attendance at the school to which the student transferred, the student has met the School's graduation requirements.

EQUAL EDUCATIONAL OPPORTUNITY

The Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

It is the policy of the Board to provide a free and appropriate education for students with disabilities. Students with disabilities are those who, because of certain atypical characteristics, have been identified by professionally qualified personnel as requiring special educational planning and services. Students with disabilities will be identified on the basis of physical, health, sensory, and/or emotional handicaps, behavioral problems or observable exceptionalities in mental ability. It is possible that a student may have more than one type of disability.

The School's programs and services available to meet the needs of these students will be in accordance with The Individuals with Disabilities Education Act, The Education for All Handicapped Students Act of 1975, The Rehabilitation Act of 1973, Section 504, and § 162.670 - .995 RSMo., Missouri Special Education Services. In addition, the identification of students with disabilities and the services provided by the LEA will be in accordance with the regulations and guidelines of the Missouri Department of Elementary and Secondary Education's Current Plan for Part B of The Education of the Handicapped Act, as amended.

STUDENTS OF LEGAL AGE

The Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

Upon attainment of the age of eighteen (18), students will be deemed to be adults for purposes of educational records, placement and reporting.

Health Information Records

The Board of GSA adopts the following policy effective on the date that the policy is adopted by the Board.

Except as otherwise required to comply with the Individuals with Disabilities Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 (Section 504), records containing student health information will be stored separately from other student records in a locked file cabinet or in a secure computer file.

Communicable Diseases

The Board of GSA (School) adopts the following policy effective on the date that the policy is adopted by the Board.

A student shall not attend classes or other school-sponsored activities, if the student (1) has, or has been exposed to, an acute (short duration) or chronic (long duration) contagious or infectious disease, and (2) is liable to transmit the contagious or infectious disease, unless the School leader or its designee has determined, based upon medical evidence, that the student:

1. No longer has the disease.
2. Is not in the contagious or infectious stage of an acute disease.
3. Has a chronic infectious disease that poses little risk of transmission in the school environment with reasonable precautions.

School officials may require any child suspected of having a contagious or infectious disease to be examined by a physician and may exclude the child from school, in accordance with the procedures authorized by this policy, so long as there is a substantial risk of transmission of the disease in the school environment.

A student who has a chronic infectious disease, and who is permitted to attend school, may be required to do so under specified conditions. Failure to adhere to the conditions will result in the student being excluded from school. A student who has a chronic infectious disease and who is not permitted to attend school or participate in school activities will be provided instruction in an alternative educational setting in accordance with School policy.

Students with acute or chronic contagious or infectious diseases and their families have a right to privacy and confidentiality. Only staff members who have a medical reason to know the identity and condition of such students will be informed. Willful or negligent disclosure of confidential information about a student's medical condition by staff members will be cause for disciplinary action.

The School Leader shall inform the Board that a report has been made and keep the Board apprised of the status of the case.

SECTION 2.1

An oral report shall be made immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused, by telephone or otherwise and followed by a report in writing, if requested, to a child welfare agency providing protective services, as designated by the Missouri Children's Division, or, in the absence of such agency, to an appropriate police authority or LEA attorney.

Discipline

The Governing Board of GSA [School] adopts the following policy effective on the date that the policy is adopted by the Board.

SECTION 1. Purpose

SECTION 1.1. The School's discipline policy sets out the rules of student behavior applicable to all students and the procedures for imposing discipline on students who violate these rules. In general, discipline is designed to correct a student's misconduct and to encourage the student to be a responsible citizen of the school community. Disciplinary actions will be in proportion to the severity of the unacceptable behavior, its impact on the school environment, the student's age and grade level, the student's previous discipline history, and other relevant factors.

The disciplinary process may include due consideration of student support services that may be available through the school, the school system, other public entities, or community organizations. Where feasible, the School prefers to reassign disruptive students to alternative educational settings rather than to suspend or expel such students from school.

Parental notification and parental involvement are essential to any effort to modify a student's inappropriate behavior. The intent of this policy will only be effective if parents and guardians, teachers, and school administrators work together to improve student behavior and enhance academic performance.

The Board authorizes the immediate removal of a student upon a finding by a School Leader that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

No student may be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel. For the purpose of this policy, a

student is unattended if no person has visual contact with the student, and a locked space is a space that the student cannot reasonably exit without assistance.

SECTION 2. Enforcement

Building School Leaders are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision. All such regulations and procedures shall be consistent with Board-adopted discipline policies.

Teachers have the authority and responsibility to make and enforce necessary rules for internal governance in the classroom, subject to review by the building School Leader. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. All LEA staff is required to enforce LEA policies, regulations and procedures in a manner that is fair and developmentally appropriate and that considers the student and the individual circumstances involved.

All employees of the LEA shall annually receive instruction related to the specific contents of the LEA's discipline policy and any interpretations necessary to implement the provisions of the policy in the course of their duties including, but not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

SECTION 3. Investigation Process

When a violation of school rules is reported or suspected, the school leader or designee will determine whether an investigation is warranted and, if so, will instruct appropriate personnel to conduct an investigation. The investigation should include interviews with the alleged perpetrator(s), victim(s), identified witnesses, teacher(s), staff members, and others who might have relevant information. Written statements should be obtained from all individuals who are interviewed. Video surveillance, if available, should be reviewed and secured. Any other physical and documentary evidence should be collected and preserved. School counselors, school social workers, school police, and other support staff should be utilized for their expertise as determined by the circumstances of the matter. At an appropriate time during or after the investigation, the parent or guardian will be notified. However, if the incident involves an injury or similar situation, appropriate medical attention should be provided, and the parent or guardian should be notified immediately.

SECTION 4. Definitions of Disciplinary Methods

4.1. In-School Suspension

Defined as the removal of a student from regular classes and assignment to an in-school suspension setting in the local school. The student's teachers send class assignments to in-school suspension. The student may not attend or participate in extracurricular activities while assigned to in-school suspension.

A teacher may request that a student who has been assigned to in-school suspension be allowed to attend his/her class (such as lab classes). The granting of this request is limited to cases where it is extremely important that a class not be missed or where a class cannot be made up at a later date. The school leader has the final decision.

For minor offenses, in lieu of in-school suspension, and upon student or parent request, students may be given the option of school service (i.e., picking up trash on the school grounds, cleaning lunchroom tables, etc.), provided the school service is age-appropriate, supervised, and does not include restroom duties.

4.2. Out-of-School Suspension

Defined as the removal of a student from school (or school bus) for one to ten school days. The School Leader may impose an out-of-school suspension of up to ten school days. Schoolwork missed during 1-3 day suspensions may be made up when the student returns to school. For suspensions of 4-10 school days, parents/guardians may request schoolwork and pick up the schoolwork during school hours.

Long-term suspension is defined as the removal of a student from school (or school bus) for more than ten school days but not beyond one hundred eighty days. Only the Superintendent may impose long-term suspension.

A student on long-term suspension who has not been referred to an alternative school may not receive homework, make up work, or take semester exams unless allowed to do so by the Student Evidentiary Hearing Committee or the school's governing board. A student on

long-term suspension is not allowed on school property and may not participate in any school activities or school functions.

In some cases (limited to one per student per academic year), the school leader may temporarily postpone a student's suspension if the offense was committed at a critical time in the academic calendar (i.e., immediately before final exams). This does not apply to offenses that are violations of state or federal law or that involve weapons, violence, or drugs.

4.3. Expulsion

Defined as a permanent removal of a student. Only the school's governing board may impose expulsion. Expulsions are permanent and students will not be allowed to return to the school once they have been expelled

4.4. Alternative School

A student who is removed from his/her local school for more than 10 school days may be allowed to attend an alternative school for instruction, academic support, and counseling. Alternative school enables a student to take academic classes that allow the student to keep up with the course credit requirements toward graduation. The student may not return to his/her school or any other school or attend any extracurricular activities while attending an alternative school pursuant to a long-term suspension or expulsion.

4.5. Probation

"Probation" means that a student is placed on a trial period during which the student is expected to maintain good behavior. A student found guilty of certain offenses may be placed on probation by the School Leader, a local formal hearing officer, the Student Evidentiary Hearing Committee, the Disciplinary Action Review Committee, or the school's governing board. Violation of a local school or school system rule while on probation may result in further disciplinary action, including a possible referral to the Student Evidentiary Hearing Committee.

4.6. Restrictions on School Activities

Students who are suspended or expelled will not be allowed to participate in any school-sponsored activities, [including the prom or graduation exercises] if these occur during the period of suspension or expulsion. A parent or guardian may, for good cause, petition the school leader for permission for the student to participate in school-sponsored activities. If

denied permission by the school leader, the parent or guardian may appeal to the school's governing board. The Board's decision shall be final.

SECTION 5. Offenses and Consequences

5.1. Reporting to Law Enforcement

It is the policy of the School to report all crimes occurring on school grounds to law enforcement, including, but not limited to, the crimes the LEA is required to report in accordance with law.

Services for Students with Disabilities

The Governing Board of GSA [School] adopts the following policy effective on the date that the policy is adopted by the Board.

The School does not have a general curriculum for students with disabilities. Instead, it is the policy of the School to develop an individualized educational program (IEP) for each public school student with a disability who needs special educational services pursuant to the Individuals with Disabilities Education Act (IDEA) and an accommodation plan for students who are qualified only pursuant to Section 504 of the Rehabilitation Act. Each IEP is designed to meet the unique needs of the student and to offer a free appropriate public education. In addition, the School's IEPs will address the extent to which each student's disability affects his/her ability to access the School's general curriculum and what modifications, accommodations, and supplementary aids and services, if appropriate, are necessary to provide for such access. Each public school student with a disability will be educated to the maximum extent appropriate with children who are non-disabled. However, students with disabilities may be assigned to special classes, separate schooling or removed from the regular educational environment when the nature or severity of the student's disability is such that education in the regular educational environment with the use of supplementary aids and services cannot be achieved satisfactorily.

The School will provide special education and/or other services to students with disabilities in accordance with applicable law, including the IDEA, and its amendments, Section 504 of Rehabilitation Act of 1973, 162.670-.995, RSMo., and Missouri's State Plan for Part B.

If a student has had his/her curriculum substantially altered or modified pursuant to an IEP, 504 Plan, and/or in connection with a plan of homebound instruction so that the academic requirements (including but not limited to the requirements for achieving a specific letter or numerical grade) for one or more courses have been significantly reduced as compared to the regular course or courses, the IEP team or 504 team (or in the case of a student receiving homebound instruction who is not covered by an IEP or 504 Plan), the School Leader, Academic Dean, and classroom teacher(s) for such course(s) shall determine whether the student shall be included in the computation of class rank. Students who are not included in the class ranking shall still receive a cumulative grade point average (G.P.A.) and shall be eligible for the honor roll.

Instruction for Students with Disabilities

The Governing Board of GSA [School] adopts the following policy effective on that date the policy is adopted by the Board.

It is the policy of the School to provide a free appropriate public education to all public school students with disabilities. Students with disabilities are defined as those students who have one of the categorical disabilities as enumerated in the Missouri State Plan for Part B of the Individuals with Disabilities Education Act (IDEA) and who also require special education services or who have a mental or physical impairment that substantially limits one or more major life activities as defined by Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act and who require accommodations or special education and related services.

The School will provide special education and/or other services to students with disabilities in accordance with applicable law, including the IDEA, and its amendments, Section 504 of Rehabilitation Act of 1973, §162.670-.995, RSMo., and Missouri's State Plan for Part B.

The School shall meet all federal and state requirements for identifying and providing services to educationally at-risk students.

At-risk students are those whose educational outcomes are in jeopardy because they are experiencing academic deficits, have become disaffected with school and learning, or impacted by other factors which impede education and social development.

ACTIVE SHOOTER TRAINING AND DRILLS

SECTION 1. At the discretion of school administration, the school may include in its teacher and school employee training a component on how to properly respond to students who provide them with information about a threatening situation and how to address situations in which there is a potentially dangerous or armed intruder in the school. Training may also include information and techniques on how to address situations where an active shooter is present in the school or on school property.

The administration may conduct the training on an annual basis. If no formal training has previously occurred, the length of the training may be eight hours. The length of annual continuing training may be four hours.

SECTION 2. All school personnel shall participate in a simulated active shooter and intruder response drill conducted and led by law enforcement professionals. Each drill may include an explanation of its purpose and a safety briefing. The training shall require each participant to know and understand how to respond in the event of an actual emergency on school property or at a school event. The drill may include:

- (1) Allowing school personnel to respond to the simulated emergency in whatever way they have been trained or informed; and
- (2) Allowing school personnel to attempt and implement new methods of responding to the simulated emergency based upon previously used unsuccessful methods of response.

All instructors for the program shall be certified by the department of public safety's peace officers standards training commission.

SECTION 3. The school shall foster an environment in which students feel comfortable sharing information they have regarding a potentially threatening or dangerous situation with a responsible adult.

FAMILY MEDICAL LEAVE ACT POLICY

The Board of GSA (school) adopts the following policy, effective on the date of adoption by the Board.

This policy will summarize the provisions of the Family and Medical Leave Act ("FMLA") and is limited to any rights or benefits contained in the FMLA.

SECTION 1. Eligible Employees

SECTION 1.1. Employees of the school/Board/management organization employed by the Board who have been employed for at least twelve (12) months and who have worked at least 1250 hours during the 12 month period immediately prior to requesting leave and are employed at a worksite where 50 or more employees are located within 75 miles of the worksite are eligible to take twelve (12) weeks of unpaid leave under FMLA.

SECTION 1.2. An employee may request leave for one or more of the following reasons:

1. Birth of a child and to care for the newborn child;
2. Adoption or foster placement of a child with the employee;
3. To care for the employee's spouse, son, daughter or parent, if that person has a serious health condition;
4. Serious health condition of employee that prevents the employee from performing the job functions;
5. Because of a qualifying exigency (hereinafter defined) arising out of the fact that an employee's spouse, son, daughter or parent is a covered military member on active duty or has been notified of an impending call or order to active duty status in the National Guard or Reserves in support of a contingency operation;
6. To care for a covered service member (hereinafter defined) with a serious injury or illness when the employee is the spouse, son, daughter, parent or next of kin.

SECTION 2. Definitions

"Covered Service member" means a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is on the temporary retired list, for a serious injury or illness. A

member of the Armed Forces would have a serious injury or illness if he or she has incurred an injury or illness in the line of duty while on active duty in the Armed Forces provided that the injury or illness may render the service member medically unfit to perform duties of the member's office, grade rank or rating.

"Instructional employee or other key position" means an employee whose school leader function is to instruct or directly support instruction of students in a class, a small group or an individual setting or provide an essential function such as administration which would provide a disruption in the normal operations of the school.

"Parent" means a biological parent or one who acted in place of a parent when the employee was a child. The term "parent" does not include parent "in-law."

"Qualifying exigency" may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

"Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice or residential medical care facility or continuing treatment by a health care provider and has been duly documented by a health care provider.

"Son or daughter" means a biological, adopted or foster child, a step-child, a legal ward or a child for whom the employee acts as a parent. The son or daughter must be under age 18 or, if the son or daughter is age 18 or older, he/she must be incapable of self-care on a daily basis due to a documented mental or physical disability.

"Spouse" means a husband or wife.

SECTION 3. Amount and Type of Leave Taken

SECTION 3.1. Except as provided below, an employee may take a total of twelve (12) weeks during any twelve-month period. The twelve-month period shall be measured backward from the date the employee begins using any FMLA leave. In the event of the birth, adoption or foster placement of a son or daughter, all leave must be completed within twelve (12) months after the birth, adoption or foster placement.

SECTION 3.2. If both spouses work for the Board and both are eligible for FMLA leave, they are authorized to take only a combined total of twelve (12) weeks during any one twelve-month period to care for a newborn or adopted child, a child placed with the employee for foster care, or a parent with a serious health condition for twelve (12) weeks.

SECTION 3.3. Employees seeking to take Family and Medical Leave to care for a newborn or adopted child, a child placed with the employee for foster care, a parent, spouse or child with a serious health condition, or because of their own serious health condition, must first exhaust any personal leave, paid vacation, applicable accumulated sick leave, and any other applicable paid leave for their Family and Medical Leave.

SECTION 3.4. Intermittent or Reduced Leave

An employee may only take leave on an intermittent or reduced leave schedule when medically necessary. The Board will require a certification, in the form described in Section 3.7 below, to document the medical necessity of such intermittent leave.

SECTION 3.5. Notification of Leave

If the need for FMLA leave is foreseeable, an employee requesting leave must provide at least 30 days advance notice to the (School Leader or other job title). If such advance notice is not possible, the employee must give said notice as soon as practicable, ordinarily within one to two working days of learning of the need for leave. When planning medical treatment, the employee should make a reasonable effort to schedule the treatment so that any corresponding leave will not unduly disrupt the operations of the school or classroom instruction.

SECTION 3.6. Benefits and Return to Work

Employees taking FMLA leave will continue to accrue all benefits for which they are eligible that are provided by the school while on FMLA leave. The Board will pay the employer's portion, if any, of such benefits. The employee will pay the same portion, if any, of such benefits as the employee paid before beginning the leave. The employee will be billed for the employee portion of the benefits and shall timely pay required premiums in order to maintain active benefits coverage.

The Board may recover any health care benefit premiums paid on behalf of an employee if the employee does not return to work after the leave period has expired.

With the exception of paid vacation, personal, medical or sick leave required to be exhausted prior to taking unpaid leave under Section 3.3 above, the employee's absence during leave will not alter benefits which the employee accrued before taking leave.

Upon return from leave, the employee is entitled to be reinstated to a position equivalent to the one the employee held when he/she left on FMLA leave, with equivalent pay, benefits and other terms and conditions of employment. Upon proper notice, however, the Board may deny reinstatement under this policy to an employee whose salary is within the highest 10% of the employees employed by the school ("key employee") if such denial is necessary to prevent substantial and grievous economic injury to the school's operation, as determined by the Board. Employees will be

notified if they are considered a key employee, if there is an intention to deny reinstatement, and of their rights in such instances.

SECTION 3.7. Required Certification and Reporting

The Board requires that a request for leave due to a serious health condition be supported by a certification issued by the appropriate health care provider of the eligible employee or of the son, daughter, spouse or parent of the employee on a form to be provided by the Board.

This certification must include:

1. The date on which the serious health condition commenced;
2. The probable duration of the condition;
3. If the purpose of the leave is to care for a son, daughter, spouse or parent ("family member"), a statement that the employee is needed to care for the family member and the estimated amount of time needed for such care;
4. If the leave is due to the employee's own serious health condition, a statement that the employee is unable to perform his or her job functions. The employer may require that the eligible employee obtain subsequent recertification on a reasonable basis as requested by the Board.

The Board, at its own expense, may obtain the opinion of a second health care provider of the Board's choice, if it should choose to do so. If a conflict exists between the opinion in the certification and the second opinion, the Board may, at its own expense, obtain a third opinion from a health care provider upon which the Board and the employee jointly agree. Such a third opinion as to the necessity for the leave is binding on both the Board and the employee.

Upon an employee's return after leave for his/her own serious health condition, the Board may require the employee to obtain certification from a health care provider that the employee is able to resume work.

The Board may require an employee on FMLA leave to report periodically to the (School Leader or other job title) on the employee's status and intent to return to work.

SECTION 3.8. Special Provisions

When an instructional employee or other key position essential to the function of the school seeks intermittent leave or leave on a reduced schedule in connection with a family or personal illness that would constitute at least 20% of the total number working days in the period during which the leave would extend, the Board may require the employee to elect to take leave in a block (not intermittently) for the entire period or to transfer to an available alternative position within the school that is equivalent in pay, for which the employee is qualified, and which better accommodates the intermittent situation.

If the employee begins leave more than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if:

- a. The leave will last at least three weeks; and**
- b. The employee would return to work during the three-week period before the end of the term.**

The School's responsibility for chemical dependency is limited to its effects on the employee's job performance.
